Dear Greg,

Susi and I would like to thank you and your crew from Metro Home Improvement for the outstanding workmanship during the installation of vinyl siding and gutters on our home. From our initial meeting to the completion of the job, you and your crew provided us with the confidence that we picked the correct company for such a large renovation to our home.

Susi was home during the day while the work was being done and was very pleased by the courtesy of the workers. They always let her know what was going on during the day and if Susi had any questions about how something looked, they were right there to explain or correct any issues on the spot. At the end of the day, the yard was cleaned up and everything put away.

Thank you so much for a great job, the house looks great!

Sincerely,

Douglas and Susan Comer
