**LOCAL VINYL SIDING PROFESSIONAL NAMED  
VINYL SIDING INSTITUTE CERTIFIED INSTALLER**

Washington, D.C., (Month, Day), 2005—(Name or number of people) of (city, state) has received third-party verification of his (or her) vinyl siding installation skills and knowledge and was named a Certified Installer through program sponsored by the Vinyl Siding Institute (VSI).

Through the *VSI Certified Installer Program*, a national quality certification program for vinyl siding installers, (last name) has completed a rigorous course of study and examination on the proper installation techniques for vinyl siding, soffit and accessories, as verified by an independent certification firm, Architectural Testing, Inc., and based on *ASTM D4756*.

“The *VSI Certified Installer Program* was created to recognize top quality vinyl siding installers,” said VSI President Jerry Y. Huntley. “By passing our course and test, (name) has demonstrated the knowledge and skills to install quality, durable vinyl siding.”

VSI recognizes an individual as a *Certified Installer* if he or she has at least one year of experience and passes a course and examination on correct installation techniques. Installers with more than three years of experience may qualify to take the test without the course. Certified Installers receive an identification badge and are listed on VSI’s Web site, [www.vinylsiding.org](http://www.vinylsiding.org).
