

Dear Mr. McManus:

I did my homework, and it paid off. METRO Home Improvement was a great choice. I interviewed several companies. And yours rose to the top.

The results are final proof. Our home has never looked so good, including when we bought it new.

It thrills me when I think it will always look this good without scraping, patching, and painting.

Your company made the whole process painless. The workmen worked hard and skillfully and were always courteous.

No matter how unusual my requests, you always willingly mad it happen.

Thank you for working with us and providing such professional service.

Sincerely,

C.M.
